BILAL REFISO

Hoofddrop, Netherland | +31 6 84380557 | bobfe83@gmail.com | www.bilal-port.nl

Personal Statement

As a Mechanical Engineer transitioning to IT and Software development, I bring a unique blend of analytical thinking and problem-solving skills to the field. My background in engineering provides me with a solid foundation in critical thinking, attention to detail, and the ability to approach challenges systematically. Now, as I delve into the world of software development, I am excited to combine my engineering expertise with my newfound programming skills to create innovative solutions and contribute to the advancement of technology. This transition represents my commitment to the advancement of technology. This transition represents my commitment to continuous learning and my passion for exploring new opportunities to expand my knowledge and expertise. Please visit my portfolio website at www.bilal-port.nl.

Core Qualifications
